With supplies

We will put together a bundle of everything you need for the course and have it delivered to you. SOFTWARE

You will need a local installation of the latest version of **SketchUp (browser version won't be enough)**.

MONITORS

You will also need **2 monitors** for this course – one to work at and one to follow the live lesson. Monitor size is not important, just make sure you do have two of them to get the intended experience and to be able to follow the teacher as you work. And if you are serious about computer graphics, you will need two monitors anyway since it's a standard practice in the field.

You can **use a laptop with an extra monitor connected to it**, or **a desktop PC with two monitors**. Or you can work on a laptop and follow the live lesson on a desktop – it's really up to you. You can even use two laptops :) Getting a new basic monitor is not expensive, you can get one starting from 2000 CZK. **Used Full HD monitors** are even more cheap (starting from 1500 CZK) and borrowing a monitor from a friend is usually free :)

PAINTING AND DRAWING SUP-

We suggest getting high-quality supplies from brands like Cretacolor, Derwent, Faber-Castell, Staedtler, Koh-i-noor, etc.

You will also need **2H, HB, and 2B pencils**.

PAPER

20 sheets of A4 cardboard paper. We recommend getting paper with a weight of at least 220g/m².

10 sheets of very smooth A4 paper, like *Canson Bristol 250g/m²*.

15 sheets of copy paper.

STATIONERY

Brush tip alcohol markers, at least 60 colours. Suggested brands: *Kuretake, Blink, Touch-Five, Copic, Sketchmarker, Touch*, etc.

You will need **black liners, size 0.3**.
