ONLINE SEWING AND CLOTHING DESIGN COURSE

Find all important information on art supplies needed for Draw Placet's **Online sewing and cloting design course**

You can choose from two versions: "with supplies" and "without supplies"

With supplies

We will put together a bundle of everything you need for the course and have it delivered to you, **except for the sewing machine.** A couple of days before the course begins, you will get a package from us filled with everything you need for the course, so you don't have to worry about buying any supplies yourself – instead, you will use supplies that we carefully selected for you, at a very good price.

Without supplies

If you opt for this option, you will need to buy the supplies yourself using the list below. The list is followed by recommendations and tips that you should keep in mind when getting your supplies.
